their homes. The Normannia's cargo is to be lightered, and after coal and provisions have

to the city. The health officials are fearful that the prevailing storm, which will force immigrants on the detained ships in the bay to emain between decks, will result in devaloning more cases of cholers. No more deaths and only one new case was re-

ported from the bospitals this morning. The arrival of the Bohemia from Hamburg, with 672 immigrants on board, is awaited with great anxiety by the quarantine officials. She has not yet been dictment of persons responsible for the alleged outrage. The arrival of the Bohemia from Ham-

Justice Barnard has postponed hearing in the habeas corpus proceedings brought in the interest of the Normannia's detained passengers till next Monday forenoon.

Inhabitants of Babylon and other points along Great South Bay have resolved to appeal to the higher courts to prevent the establishment of a Quarantine station on Fire Island.

The cale blowing to-day prevents communication with Fire Island.

The New York Board of Health is investigating several cases of death under circumstances which led attending physicians to fear that they were caused by cholers. Nothing has yet developed which seems to justify the fear.

Dr. Jenkus this forenoon released from Quarantine the steamships Maasdum, Dulam and Belgenland. I it is not now expected that the camp at which is being served to them.
